

INSTRUCTIONS TO AUTHORS

Preparation and Submission of Original Manuscripts:

Manuscripts should be submitted to ijdppls@gmail.com and/or ijdppls@yahoo.com as per order: Title Page, name of author (s), Abstract, Key words, Introduction, Material and Methods, Results, Discussion, Acknowledgements (if necessary) and References. If the Result and Discussion sections are combined, then a Conclusion section should be added.

Title Page:

The first page should contain a concise and informative title, the names and addresses of the authors and contact details of the corresponding author (postal address, e-mail, fax and telephone numbers)

*** Mobile number must be provided to avoid delay in communication.**

Abstract:

It should not exceed 250 words. In the case of short communications, abstracts should not contain more than 100 words. The Abstract should be informative as to why and how the study was conducted, and what the results and conclusions were.

Key words: A maximum of 4 key words must be given at the end of the Abstract.

Introduction:

This part should define the background and significance of the study by considering the relevant literature, particularly the most recent publications.

Material and Methods:

Please provide concise but complete information about the material and the analytical, statistical and experimental procedures used. This part should be as clear as possible to enable other scientists to repeat the research presented.

Illustrations:

Illustrations (figures), images and Tables must be inserted in the manuscript at the position they should appear when published.

Figures:

Photos or drawings must have a good contrast of dark and light. Figures should be brief, but complete and self-explanatory so that the reader can easily understand the results presented in the figure.

Tables:

Only MS word table format should be used for preparing tables. Tables should be numbered consecutively in Arabic numerals and bear a brief title in capital letters normal face. Tables should not be very large that they run more than one A4 sized page.

Abbreviations, Units Etc:

The journal strictly follows the rules defined in the IUPAC Manual of symbols and terminology for physicochemical quantities and units. The Journal recommends use of international System of Units (SI).

Results:

In this part, the same data/ information given in a table must not be repeated in a figure, or vice versa. It is not acceptable to repeat extensively the numerals from tables into text and give lengthy and unnecessary explanations of the Tables and Figures.

Discussion:

This part must be written with reference to the tables and figures and by considering information from the literature. Statements made in the Introduction and Results sections should not be repeated here.

Acknowledgements:

If necessary, a brief Acknowledgements section may be included.

References:

References should be cited in the text in Arabic numerals as superscript. The references should be cited at the end of the manuscript in the order of their appearance in the text. Latest articles, books with latest edition must be referred and those references should only be provided as far as possible.

Journal Articles:

Dama G.Y., "Simultaneous Estimation of Ramipril and Enalapril by Using HPTLC", International Journal of Post Graduates in Pharmacy and Life Sciences, 2011; Vol. 1(1): 1-10.

Publication Fees:

Authors will have to pay **Total Publication Charges Rs.500/- only per article** on acceptance. Authors are requested to note that the fees mentioned are per article not per author. But, if there are 5-8 authors then Rs.1000/- Publication charges will be required per article.

Duplicate Submission

Journal will not consider manuscripts that are simultaneously being considered by other journals.

Ethical considerations in the conduct and reporting of research: protection of human subjects and animals in research

When reporting experiments on human subjects, authors should indicate whether the procedures followed were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2008 (5). When reporting experiments on animals, authors should indicate whether the institutional and national guide for the care and use of laboratory animals was followed. The journal recommends that authors to write the trial registration number in experimental procedure.
